

**Linda Chan**  
**Candidate for Vice President**

I have enjoyed serving the Faculty Association as your Executive Board Part-Time Faculty Director, CTA State Council representative, CTA Service Center One representative and on the Faculty Association Negotiating Team for over a decade.

Proven Leadership – Committees that I am or have served on:

Faculty Association Budget Committee	Governance Committee
co-chair the Adjunct Faculty Advisory Committee	Grievance Committee
Faculty Professional Development Committee	Calendar Committee

Training –

Treasurer’s Training	Building Strong Locals Academy
CCA and CTA Bargaining Academy	Mediation

I have participated in many CCA conferences as well as attending the summer school programs. I also have served as President of another college union local and I understand the necessity for fiduciary responsibility that best serves the needs of the membership. I believe that my past leadership, skillset and experience would serve the office of Vice-President effectively and efficiently.

I believe a strong union rests with a strong membership and everyone has a voice within that union. As your Vice-President I would make sure that our membership is well served and that everyone’s voice is heard. I would be honored to serve you.

**Emily Woolery**  
**Candidate for Vice President**

My name is Emily Woolery and I want to be the next Vice President of the Mt. San Antonio College Faculty Association (MSAC FA). I currently fulfill two faculty roles at the college – Professor-Librarian (Reference/Instruction) and Outcomes Coordinator. I enjoy these roles because they challenge me to investigate and recommend solutions. These roles also allow me to work with many campus colleagues, including faculty, managers, and staff.

I am prepared to serve as the MSAC FA Vice President. I am currently a Full-time Director, who participates in grievance and negotiations processes. To increase my knowledge, I regularly participate in opportunities provided by the Community College Association (CCA) and California Teachers Association (CTA). For example, I completed CCA’s Building Strong Locals Academy in 2016-17, the Grievance Academy in 2018, and the Bargaining Academy in 2019. In 2015, I participated in interest-based bargaining and mediation trainings held on campus. In 2013, 2017, and 2018, I attended CTA Leadership Conferences.

I dialogue with full-time and adjunct faculty across diverse disciplines due to my roles as Library Faculty, Outcomes Coordinator, and CCA/CTA participant. I listen to better understand faculty interests and needs, both inside and outside of the traditional classroom. Your stories matter to me. I will ensure I understand your stories in my effort to represent you. Please vote for me, Emily Woolery, for Vice President of the Mt. San Antonio Faculty Association.

**Tamra Horton**  
**Candidate for Secretary**

My name is Tamra Horton, and I am running for Secretary of the Mt. SAC Faculty Association. I began teaching in the English, Literature, and Journalism Department at Mt. SAC in the fall of 2000. I have been a union member from my date of hire.

According to our Faculty Association Standing Rules, maintenance of FA communications is the responsibility of the Secretary. If I am elected, I will advocate for increased communication between the union and its members, including improving our FA website. I believe consistent and meaningful communication is the key to a strong union.

I am currently a Director on the FA Executive Board. During this past year, I attended the CCA Bargaining Academy and undertook CTA Membership Chair Training. I am serving as the FA appointee on the Faculty Professional Development Committee, as a member of the FA Communications Committee, and as the Chair of the FA Hospitality Committee. Most importantly, I am standing with my colleagues at the Mt. SAC Board of Trustee meetings in support of our CalPERS health care benefits and have addressed the board personally in regards to this issue during the public comment period.

**Liz Ward**  
**Candidate for Secretary**

I have served as your FA Secretary for many years. I have a wealth of Faculty Association knowledge and feel I can contribute substantially as a FA Executive Board member especially in these crucial times. The following is a list of my Faculty Association involvement:

- FA Secretary for over 12 years
- Chair of FA Student Financial Awards for over 12 years
- Served on the FA Budget Committee for over 7 years
- Chair of FA Membership Committee
- Served on Governance Committee for 2 years
- Former FA Hospitality Chair for 3 years
- 2017 Mt. SAC Faculty Association W.H.O. Award recipient

Please vote for me for FA Secretary so I may continue to serve you!

Thank you!

**Masoud Roueintan**  
**Candidate for Full-time Director**

As a full-time professor of chemistry, former adjunct professor (2014 – 2016), and a proud Mt. SAC alumnus, I am honored to be nominated for the Full-time Director of Faculty Associations (FA) Executive Board. I strongly believe that we need to cultivate an environment in which all faculty especially our new faculty are given the opportunity to share their expertise, join FA committees, negotiations team, and executive board to create and maintain a stronger FA leadership for the future. As a scientist, I have some practical goals that are only attainable with your support. I am dedicated to collaborate with other FA directors and officers to

- *Create transparency and improve the FA communications with all adjunct and full-time faculty. This is of the utmost importance during the negotiations term.*
- *Work on implementing an effective electronic communication system to mobilize faculty when needed.*
- *Hold the District and management accountable for the mistreatments of faculty.*
- *Utilize faculty expertise in the negotiations to assure the best possible outcome for faculty.*
- *Shatter the culture of manipulation and mistrust created by the District and its constituent entities to establish equality and harmony among all Mt. SAC employees.*
- *Support the negotiations team and negotiate on behalf of all faculty until we get what we deserve.*

During the past four years at Mt. SAC, I served on *FA Negotiations Team Spring 2019 (shadow)*, *FA Lab Parity Committee*, *FA Academic Achievement Award Committee*, *Faculty Professional Development Council (FPDC)*, *Scholarship Committee*, and *Student Success and Support Council (at large-short term)*.

Please feel free to contact me at [mroueintan2@mtsac.edu](mailto:mroueintan2@mtsac.edu) if you have any questions.

**Sandra Esslinger**  
**Candidate for Full-time Director**

I would be honored to serve on the Executive Board of the Faculty Association of Mt. San Antonio College. I have been active in the FA for many years and in many capacities, but most significantly this year I am engaged in issues and have current knowledge regarding our health insurance. I am on the FA Insurance Task force and researched and co-authored the Task Force Report. I am serving on the campus Insurance Committee for a second non-consecutive term and have attended District, SISC, FA, CECHCR, and CSEA 262 health insurance information meetings. I have been a member for 4 years on the Faculty Association Negotiating Team. I was on sabbatical last year, but have returned as a member of the Spring negotiating team. Currently, I feel the major issues confronting faculty have to do with salary and health care, my knowledge and experience will benefit the faculty if I am elected. I have recently attended three of the Board of Trustee meetings to protest the COLA only pay increase and the leveraging through one-time monies to get faculty to leave CALPERS/PEMHCA against their best interests. I am also keenly aware of the workload increases that we have incurred over the last several years and am interested in how we can remedy this situation. When representing the faculty interests as an Executive Board member, I will always encourage faculty to reach out to me with all their issues and interests.

My graduate studies, MA at USC and PhD at UCLA in Art History with an emphasis in Critical Theory and Modern Art, highlighted the need for political activism as an ethical call. I have worked at Mt. SAC

sixteen full-time years, prior to which I was adjunct at Mt. SAC and other Community Colleges as well as in the CSU System. I have been a faculty union member since I was hired and know the value of the union not only from my activities but from the personal support provided to me. I am dedicated to the faculty and our association. This is the time for us to serve our union and make it strong in the Post-Janus era. Thank you for your time and consideration.

**Kristina Allende**  
**Candidate for Service Center One Representative**

I am Kristina Allende, and I am running for Service Center One Representative. I have served as a SOne Rep for the past two years, and I have made connections for Mt. SAC with our neighboring CCs and K-12 institutions. I can strengthen those connections even more if I am elected again. And with the current climate in negotiations, having connections is paramount.
