IV. Reports
   A. President - Emily Woolery
      1. Side letter Agreements:
         The FA negotiated one side letter agreement for the Winter 2022 Intersession and two side letters for the Spring 2022 Semester.
      2. ADA/FMLA Interactive Processes:
         With support from Robin Devitt, CTA Labor Relations Consultant, Emily supported 20-30 faculty with requests for accommodations and leaves. Interactive process meetings are held with HR to validate a need. Emily explained that once the need is validated, a meeting is held with HR and the dean(s) or other educational administrator to determine a reasonable accommodation or use of leave. The process has improved since the summer and fall; however, there are still improvements needed so that decisions are made in a more timely manner. During the winter, the FA became aware of a directive that no 100% online assignments would be allowed as an accommodation. Such a directive was concerning because an accommodation decision was being made prior to an interactive process taking place. Most requests resulted in accommodations of reduced LHE on campus and increased PPE when on campus. There were very few approved accommodations of 100% online/remote assignments.
Kelly commented that the late notice of accommodations is very challenging for departments because it creates last-minute changes in scheduling and staffing of classes. Kelly also expressed concern about 100% online assignments not being granted for faculty who medically need it, while some faculty are assigned a 100% online due to enrollment needs.

3. Joint Workgroup on DEI and Faculty Evaluation and Expectancies:
The workgroup has started meeting and is currently reviewing the proposed contract language that was drafted during last negotiations reopeners of 2020-21.

B. Vice President - Tamra Horton

1. Column Placement and Crossover Review Pilot:
   Tamra has continued to meet with Lisa Romo from HR to develop and deliver the Column Placement and Crossover Review Pilot. Of the twelve (12) faculty hired during the 2020-21 academic year, six (6) were placed on column three so did not need a review. Tamra sent an email to the six (6) faculty placed on column one or two and offered to meet with them, individually, and with Lisa Romo from Human Resources to review their column placement and crossover potential during the week of 1/24/22-1/28/22. Of the six faculty, four of them scheduled meetings, and three faculty showed up to their meetings. Lisa provided the three faculty a complete review of the minimum qualifications they met, the education and prior employment they submitted and that was verified, and how this resulted in their initial column and step placement (Tamra distributed an example). In addition, Lisa explained what steps would be required for them to cross columns. Each faculty member received an Initial Salary Placement and Column Crossover form documenting this information.

2. Tamra provided detailed information about recent events and meetings she has attended.

3. CCA Elections Committee:
   Tamra has been asked to serve on the CCA Election Committee. She attended training on 2/16/22 and is scheduled for another training on 2/24/22.

4. FACTS: Generation Debt--Student Loan Forgiveness:
   Tamra coordinated a Faculty Association Contract Tips Series (FACTS) workshop on Student Loan Forgiveness scheduled for 3/2/22, 5-6:30 p.m. A flier was distributed.

V. Closed Session

A. Grievance Report:

B. Negotiation Report:
1. Sandy reported on the progress made to date in Reopener Negotiations for 2021-22. The negotiations team’s intention is to provide an informative written negotiations update for the unit members shortly after the conclusion of each bargaining session.

2. The most recent Side Letter for Spring 2022 was signed on February 15, 2022. In relation to the side letter’s pilot study agreement pertaining to remote work conditions for faculty with non-classroom online assignments, Vicki asked if the faculty who are not selected to participate in the pilot study will be allowed to work remotely if they are given online non-classroom assignments. Emily will make a demand to bargain for spring semester remote work conditions for the faculty who are not selected for the pilot study.
