4. **Grievance Information:**
   
   a) There are no current grievances.
   
   b) In spring 2020, the Faculty Association (FA) began an appeal of a decision not to grant tenure based on Article 18.1.7. The grievance went to arbitration. Arbitration has now concluded, and findings were reported in August 2022. Arbitration found in favor of the district. The cost to the FA was $30,215.44.

5. Tamra attended the CTA Summer Institute, Fundamental Skills for Bargaining Chairs strand and the CTA Region III Leadership Training (including PAC Treasurers Workshop and Chapter Treasurers Workshop) during the summer.

C. **Treasurer** - Maya Alvarez-Galván

1. Maya presented the FA's financial statement, which reflects the grievance/arbitration expenses paid that were more than the $25,000 budgeted for the line item.
A motion was made to suspend the rules and take action on a motion made on the floor (Wolf), and seconded (Kaljumägi). The motion passed: 36 in favor; 1 opposed, 1 abstention. A motion was made to approve the additional funds that were paid for expenses incurred in support of a union member for a legal process that was formally supported by the Union (Meyer), and seconded (Cannon). The motion passed: 33 in favor; 0 opposed, 7 abstentions.

V. Negotiations Report - Emily Woolery
   Emily presented the 2022-23 Sunshine Proposal and explained that the proposal, once approved by the Representative Council, will be placed on the Board of Trustees meeting agenda for approval. Emily asked that the reps share the Tentative Agreements (TAs) with the faculty they represent and clarified that only members of the Faculty Association will be eligible to participate in the contract ratification vote.

   Representative Beta Meyer asked if it is desired for members to start organizing and communicating to the Board of Trustees that, although negotiations closed and the union members will be voting on ratification of the contract, the faculty are not content and seek increased compensation. Emily Woolery and Maya Alvarez-Galván encouraged Rep Council members to attend the September 14 and October 12 Board of Trustees meetings as a show of support and for public comment. Eric stated that the Brown Act allows for a public comment on any item under purview of the Board of Trustees; it does not require that the comment relate to a current agenda item. Maya asked that Rep Council members who are willing to make a public comment send her an email communication.

VI. Old Business – Action Items: None

VII. New Business – Discussion Items
   A. Academic Calendar Recommendations
      1. 2023-2024
      2. 2024-2025

      The Academic Calendar Recommendations were presented for 2023-2024 and 2024-2025.

      2023-2024: The proposed calendar options A and B are very similar, both with winter intersession beginning on January 1 (classes start January 2). Calendar option C has winter intersession beginning the second week of January, is more favorable for science labs, and is being recommended by the FA Executive Board.

      2024-2025: There is not much variation between the two options. The FA has no recommendation.

      Emily told the Council that if calendar option C is approved for 2023-2024, Vice President of Instruction K. Fowler has proposed that spring semester grades would be due by noon on Tuesday, June 18, 2024 rather than the usual 8:00pm deadline. K. Fowler’s rationale is that, because the following day (6/19/24) is a College-observed holiday and the start of summer term would be Thursday, June 20, 2024, the College will need time to run student drops for prerequisites once the spring semester grades are
submitted. The Representative Council members raised issues with the parameters of the calendar being developed by the district without prioritizing the needs of faculty to properly evaluate students’ finals and to prepare for summer classes nor the needs of students so that they are sufficiently prepared for their summer classes. Maya pointed out that the district has increasingly moved the start dates for summer closer to spring semester, which encroaches on faculty’s time to grade and to prepare for summer classes, so that the district can capitalize on its ability to generate revenue from the summer term, but the increased revenue is not shared with the faculty. Representative Patricia Maestro commented on the impact the proposed dates have on students, as those who are dropped from classes for not meeting prerequisites will have only one day to find another class in which to register, and that single day is a campus-closed holiday.

B. Recommendation on COVID-19 Mandates

Emily reported that the district is following Los Angeles County COVID requirements only, and the Board of Trustees is in alignment with the district’s position. Representative Ann Lee Grimstad voiced support for a vaccine mandate for students taking classes on campus. Kristina Allende voiced opposition to a vaccine mandate and does not think it will move forward with the Board of Trustees’ support. Eric clarified that there is no need to take a position or make a motion today, as it is only discussion and will return as an action item at the next meeting during which motion(s) can be made. Representative Aaron Salinger would like faculty to have authority to require masking in the classroom with which Tania Anders agrees. Vicki Greco supports including faculty offices as spaces that faculty have authority to require masking.

C. Academic Senate Resolution 22-02 – Greater Use of Telecommuting and Digital Processes: The item was not addressed due to insufficient time.

D. FA Resolution 22-XX – Equality in Working Conditions: The item was not addressed due to insufficient time.
