District Proposal

Article 10.B.6 Adjunct Office Hours Pilot Program: The District proposed new language to the adjunct office hours pilot program. First, the District proposed extending the pilot program by one year, ending in December of 2026. Second, the District changed the allocated funds from \$200,000 to \$150,000. Third, the District added new language to what they want in the exit survey adjunct complete when the semester ends. The District's goal is to collect specific data regarding the content and process of the pilot program office hours. Finally, the District proposed new criteria when selecting adjunct professors to participate in the pilot programming, giving priority to adjunct professors teaching courses with historically low retention and success rates.
